

IS INDO-CHINA REDS' REAL TARGET?—Diplomatic sources are keeping anxious eyes on the Indo-Chinese Red forces' sudden upsurge of aggressiveness against French and loyal native troops. Fear is that the stepped-up Indo-Chinese warfare is tied in with Red China's entry into the Korean war. Map indicates the significance of such a one-two punch against the Western powers in Asia.

Copper, Nickel Cuts Expected

Aluminum Usage Already Controlled

WASHINGTON, Nov. 14—(AP)—The government's 35 per cent cut in non-military use of aluminum will be followed soon by cuts in copper and nickel, and maybe next year by a further slash in aluminum.

That was the metals picture as seen by government officials today.

Though the present arms program is modest compared with that of World War II, booming output of civilian goods is consuming nearly all the metals in sight, and therefore officials say even a modest arms program can't get very far without a reduction in civilian use of metals.

Copper and nickel cutback orders are expected within a couple of weeks.

The aluminum order issued yesterday by the National Production Authority (NPA) effective Jan. 1, marked the first time the NPA has cut a major metal "across the board"—meaning that the cut applies throughout the manufacturing and construction industries without regard for specific end-products.

Many officials would rather begin by cutting out certain non-essential products.

But the defense production act of 1950 says that channeling of materials shall be done in such a manner so that various segments of business shall, "so far as practicable," get a fair share of the available civilian supply based on their former consumption under normal conditions. That is why yesterday's order was "across the board."

Highway Patrolmen Given Pay Increases

COLUMBUS, Nov. 14—(UP)—Ohio highway patrolmen were granted a raise in pay today in a move to prevent them from switching to higher paying law enforcement jobs.

H. J. McKinley, state highway department personnel officer, said under the new pay scale, patrolmen would get from \$252 to \$288 a month; corporals \$288-\$330; sergeants, \$315-\$360; first sergeants, \$345-\$380; lieutenants, \$400-\$440; captains, \$440-\$480; majors, \$480-\$520; and superintendents, \$575-\$630.

In granting the raises, patrol officials took advantage of a law which enables the civil commission to reconsider patrol pay scales and authorize increases, subject to confirmation by the legislature in January.

Mayor Given V.F.W. Award At Banquet

Mayor Harry M. Vincent was presented the National Veterans of Foreign Wars Citizenship award for outstanding civic service at the 29th annual Armistice day banquet of Allen Reynolds post, V. F. W., and its Gold Star auxiliary Monday evening in the hall.

The award was presented to Mayor Vincent by Commander Robert Carpenter. In accepting this honor, the mayor voiced his appreciation of the organization's confidence.

As a part of its Americanization program, the auxiliary gave two flags to Buckeye school, a silk one for the auditorium and another one to be flown from the top of the school building. Mrs. Clarence Means is auxiliary president and Mrs. Alfred August is Americanization chairman.

Mrs. Bridget Lesch made the presentation to Mrs. George Peterson, principal of Buckeye school.

The commander also introduced Wetzel of Lisbon who gave a patriotic talk. Lt. Hubert S. Knickerbocker of the Salvation Army, another guest, gave the invocation.

"Adequate national defense all the time" was the keynote of the state official's address. He reviewed the nation's war record and pointed out that this country has always been peace loving.

Representative Wetzel is of the opinion that every citizen must share in making his community, his state and the nation 100 per cent American.

Approximately 150 were served at the dinner preceding the program.

Included in the guest list was members of the Dads Foreign Service club and their families. Edward Tullis is president of the club.

Tibet's Appeal In File Category

Invasion Protest Forgotten For Moment

LAKE SUCCESS, Nov. 14—(AP)—Tibet's appeal for United Nations assistance to repel Chinese Communist invaders appeared headed for the "file and forget" cabinet today.

No U. N. member appeared willing to shoulder the responsibility of sponsoring Tibet's plea in the Security Council. Since the remote Himalayan theocracy is not a member, it cannot present the plea directly.

The two governments must directly concerned—India and Nationalist China—both take the attitude that Tibet is a part of China and therefore the conflict is a civil war not subject to U. N. jurisdiction.

Although both countries are highly opposed to the Red use of force against the 3,000,000 people in the mountain land, they feel that the legal niceties prevent interference.

The United States has not yet studied the 1,200 word communication from Tibetan Finance Minister Tsepon Shakabpa to Secretary General Trygve Lie, but its representatives gave the impression that it was much too engrossed in the Korean campaign to take on the main burden of a new war.

U. S. Deputy Delegate Ernest A. Gross told newsmen last night that the U. S. was consulting informally on Tibet, but would not take a definite stand until the correspondence was thoroughly studied.

In the meantime, he said, the U. S. was concentrating its efforts on an attempt to get Red China out of Korea.

Bike, Ladder Reported Stolen Over Weekend

Ernie Maenz, 12, son of Mr. and Mrs. Edward H. Maenz of Bonnie rd, reported to police Monday that his bicycle was stolen from the Buckeye school lot sometime over the weekend.

Ernie told police he parked and chained the bike Friday at the school, where he is a sixth grade student. Upon his return Monday morning, the chain was broken and the green-and-white bicycle gone.

Loran Matthews of 1134 E. Third st reported a 16-foot ladder was removed from his property sometime Sunday night.

51 ON PLANE FEARED KILLED

Bitter Cold Slows Yanks In Korea

Temperatures Around Zero Prove Handicap

Heavier Clothing Rushed To Troops; Red Attack Checked

SEOUL, Korea, Nov. 14—(AP)—A frozen silence settled over Korean battlefields today.

Temperatures of six above zero virtually paralyzed the northwestern front where an estimated 90,000 Chinese Communists face the concentrated U. S. First corps. It was even colder in the northeast.

Ice-tipped winds swept down from mountain peaks on the quitted Chinese and on shivering Americans, many still in summer uniforms. The U. S. Eighth army was rushing Arctic clothing to the chilled troops.

Parka-clad Marines pushed through frozen hills in the center of the line toward Changjin reservoir and its great hydroelectric development.

Farther east, two regiments of U. S. Seventh division marched along ice caked roads in sub-zero weather toward the Manchurian border, 30 miles away.

21 Below Zero

Winds of 40 miles an hour made it difficult for fighting men of the Seventh division to breathe. Their hands and feet were numb by the cold.

The thermometer carried by a tiny wind-tossed plane above them registered 21 degrees below zero. Associated Press Correspondent Tom Stone and the pilot, Lt. James C. Evans of Columbus, Ga., said an overcast all but hid the 17th regiment and the 31st "Polar Bear" regiment.

Sleds and ox carts carried heavy weapons and equipment through the mountain roads north of Pungsan.

Red mortars opened up on the troops three hours after they started the march toward Kapsan, 15 miles northwest. Other Seventh division patrols reached the Pujan reservoir 35 miles southwest of Pungsan without seeing the enemy.

Attack Repulsed

On the snow covered hills of the east coast, the South Korean Capital division beat off a tank-led North Korean attack with the help of the eight-inch guns of the U. S. Cruiser Rochester and the rockets of marine planes.

A U. S. Tenth corps spokesman said the battle left the South Koreans secure in their positions on the Oranong river, 90 miles south of the Soviet border.

Forty miles to the west, another unit of the Capital division plodded through six inches of snow toward Hapsu. Hapsu is a road junction midway between the scene of the coastal battle and the advancing U. S. Seventh division troops.

Before the cold brought a break in fighting along the western front, the Eighth army reported gains of two miles by British, American and South Korean troops.

Pickets Busy At 3 Ohio Bell Plants

CLEVELAND, Nov. 14—(AP)—Long distance telephone service in Painesville, Mansfield and Ashtabula went on an emergency basis today as strikers against Western Electric Co. picketed exchanges there.

The number of pickets was small—five at Painesville, six at Mansfield and four at Ashtabula. At the Mansfield office, 49 employees stayed off their jobs, and small numbers refused to cross lines in the other two county seats.

"Push button" pickets, so called because they delay deciding where to picket until early each morning, surrounded Ohio Bell telephone offices at Youngstown and at Xenia yesterday.

3 Children Suffocate In Home Blaze

AKRON, Nov. 14—(AP)—Three small children died of suffocation today in a fire at the home of Mr. and Mrs. William Fairchild in Springfield township.

Nancy, 3, Beverly, 2, and William, Jr., six months, were dead when pulled from a flaming bedroom by volunteer firemen.

Their mother, Wilma, 25, was unable to make her way up a burning stairway to reach them. The father was at work on the midnight shift at Goodyear Aircraft Corp.

Duane Harris, chief of the township's volunteer fire department, said an overheated furnace in an unfinished utility room off the kitchen was to blame.

Mrs. Fairchild opened the utility room door to see why the house was so hot. The rush of air ignited coal gas around the furnace, he said.

When she found it was impossible to get up the stairway, Mrs. Fairchild ran through sub-zero weather, clad only in her nightgown, to get help from a neighbor.

The neighbor sounded an alarm and carried a ladder to the Fairchild home. He broke into the window of the children's bedroom, but was driven back by smoke and flame. Firemen using oxygen masks recovered the bodies.

22 County Men Enter Service

Army Asks 40,000 Be Called In January

Twenty-two men from Columbiana county have been sent to Canton today for induction into the armed forces, bringing the total inducted in the county since Sept. 1 to 134.

At the same time, the Army today announced a call for 40,000 draftees in January. September and October draft requests for the nation were for 50,000 men in each month.

All men who have been brought into the service through the selective service system to date have gone to the Army, Washington headquarters reveals. The Navy and Air Force continue to depend on volunteers for strengthening their manpower.

The latest county contingent includes Arnold Adams, Edward Shaffernocker, Mike Brago, Clarence Davis, Harry Hughes, Roy Werner, John DiAntonio, Roger Hall, Eugene Gabriel, Robert Smith, Cornelius Howkins, Byron Carter, Roland Wolfe, Herbert Grim, William Hanlon, John Copersmith, Clarence Helman, Joseph Scott, Willis Rupert Jr., Fred Gaunt, Robert Dixon and Robert Oana.

Columbiana county's induction quota for November is 73. Twenty-five were called Nov. 2 and 23 are scheduled for induction on the 27th. The November quota for the state was recently given as 5,614, the largest call since the Korean war started.

In December 41 men will be inducted from the county, with dates for induction scheduled on the 4th and 14th.

In Mahoning county the three draft boards for that district have a total induction quota of 151 for November, with 290 pre-induction physical examinations to be given.

Senators Demand Fixed Goals On Foreign Aid

WASHINGTON, Nov. 14—(AP)—Two senators, a Republican and a Democrat, said today that as a prelude to any new foreign economic aid plan the administration must set out a definite goal and—as far as possible—the steps to meet it.

They were Senator Ferguson (R-Mich.), slated to move up to the No. 2 GOP spot on the senate appropriations committee, and Senator Green (D-RI), who will be the third ranking Democrat on the senate foreign relations committee in the 82nd congress.

On the question of military aid to western Europe, Senator Taft (R-Ohio) told a news conference yesterday he thinks the United States will have to provide help, but that the new congress, starting Jan. 3, must study the matter thoroughly.

Senator Anderson (D-NM) countered that any prolonged examination by Congress of the arms aid program might result in fatal delays in building anti-Soviet defenses.

Attack Gray's Report

Ferguson and Green, in separate interviews, made their observations in connection with the foreign economic report of Gordon Gray, former secretary of the army, who studied the whole problem for President Truman.

Gray, in a report made public Sunday night, recommended a multi-billion dollar program of economic aid to Western Europe after the end of the Marshall Plan in 1952 and a broad program of assistance for underdeveloped areas.

Ferguson called for the administration to set out a specific objective and the steps to meet it.

"Any program in the future must be with the understanding it will be to solve a certain problem rather than deal in generalities," he said.

The Michigan lawmaker criticized the Gray report for "dealing in generalities" and the State Department for "always wanting to stand on the clouds."

Both Green and Ferguson said they did not oppose new foreign aid. But Green said he wanted to be convinced in advance that the means proposed for doing a specific job would do just that.

He set out these two conditions which he said should be met before congress votes any more money: First, assurance that the aid will do "reasonable" good in improving the economic health of a country and, second, that the United States get full credit for the aid.

"We must build up American prestige and power," Green asserted. "We are not justified in boosting taxes just for charity. There is a limit to our manpower resources and knowledge."

Taft said Gray's recommendations "went further than I would have gone" and "ought to be thoroughly examined in the light of the effect on our own economy."

Wreckage Of Canadian Ship Found In Alps

Pilgrims Returning From Rome Victims; Guides Near Scene

GRENOBLE, France, Nov. 14—(AP)—French mountain guides today located the shattered wreckage of the Canadian airliner which apparently dashed head-on into an Alpine cliff with 51 passengers—mostly Canadian holy year pilgrims—and crew of seven.

Their first radioed report indicated none of the crash victims was likely to be found alive.

The guides, pushing toward the scene through rain and snow, messaged back that they had spotted the wreckage near the verticle north face of Mount L'Obiou range at 2 p. m. (8 a. m. Salem time) today. The plane crashed last night.

Photographs of Pope Pius XII, who had blessed the pilgrims shortly before they took off from Rome yesterday for Paris and home, were found scattered in a forest several miles from the scene of the crash—apparently carried by mountain gales.

Scraps of a diary written by one of the pilgrims told of the audience with the Pope and of reciting the rosary imploring the mercy of heaven before boarding the plane.

Wreckage Strewn

The radio message from the guides said: "The airplane seems to be completely destroyed."

"The wreckage of the fuselage is scattered in a mass of fallen earth at the foot of the north wall of Mount L'Obiou at a spot looking over the Isere river."

Experienced mountain climbers estimated the guides were a hard five hours march from the wreckage. They said the face of the mountain is a solid stone wall 1,800 feet high and one of the most dangerous spots in the area.

Five ambulances were brought from nearby villages to stand by to rush any survivors to hospitals.

The crash occurred about 85 miles from the spot where an Indian Constellation plunged into the face of Mount Blanc less than two weeks ago, killing 43 East Indian seamen and a crew of five. Although French mountain guides reached the scene of that crash in one of the most hazardous Alpine feats in history, none of the bodies has been removed because of the snow and danger of winter avalanches. One French guide was killed by an avalanche during the climb.

But guides believed the victims of the Canadian airliner crash might be brought down to the valley.

10 Priests Aboard

The Canadian pilgrims, including a Monsignor and ten priests, were among those received by Pope Pius XII at an audience in the Vatican earlier yesterday. Informed of the crash at midnight, the pontiff—with tears streaming down his face—went to his private chapel to pray for the victims.

The plane, a DC-4 belonging to the Curtiss-Reid line, crashed on a flight from Rome to Paris. It was bound for Montreal.

The passenger list at Rome showed one American aboard, Giuseppe Butera, 65, of Brooklyn. The rest of the passengers and the crew were Canadians.

The pilgrims had gone to Rome for the beatification ceremony last Sunday of Mother Marguerite Catherine Bourgeois, who founded the order of the Sisters of Our Lady in the Canadian wilds 300 years ago.

Mrs. J. Alderville Bureau, 47, former dean of the faculty of canonical law at Quebec Laval university, was the ranking churchman aboard.

Villagers in the area of the peak said they heard two explosions, then saw the glow of a fire.

YMCA Groups Exceed Goal

Magazine Sales For Projects Are \$1,120

COLUMBIANA, Nov. 14.—Columbiana High school students who are members of the four Y.M.C.A. organizations, the Senior and Junior Tri-Hi-Y, the Hi-Y and Torch clubs, exceeded their \$1,000 goal of magazine sales toward their club service projects and their project of a new movie projector fund for the school.

Quotas of \$250 for each of the four clubs were exceeded by three, the Junior Tri-Hi-Y, the Hi-Y and Torch clubs, making a total sales of \$1,120. Percentages allowed the school will add about \$400 to the club funds. Last year an auditorium stage improvement fund was established and used for repairs, wiring and lighting.

Prizes awarded the three students who led in the amount of their sales were: portable radio to Bill Foerch, sales \$227.25; travel alarm to Judy Maurer, sales \$110.60, and genuine leather billfold to John Patchen, sales \$87.25. Patty Nash and Mary DeLauter, who stood fourth and fifth, will receive special award certificates.

Sales ranging from \$30 down to \$10 were made by Carolyn Gano, Charles Dahms, Harland Leonard, Don Gleckler, Nancy Haas, Phyllis Drew, Carol Kirtley, Hubert Keylor, David Evans, Matt Powers, Shirley Drotleff, Burdell Heck, Freddie Koch, Isabella Snyder, Mary Lou Snyder, Donna Spanabel, Jim Nolan, Ann Moorehead and Larry Bailey. Middleton Wins Ohio Judgeship

COLUMBUS, Nov. 14.—(AP)—It looks like Henry Middleton of Toledo will become a new judge of the Ohio Supreme Court.

The Toledo attorney has an overwhelming plurality in the write-in election to fill the vacancy created by the death of Judge Edward C. Turner of Columbus.

The secretary of state yesterday gave these totals, based on an unofficial mail count with 12 of Ohio's 88 counties still unreported:

Middleton 241,635; Judge Arthur W. Doyle of Akron, 99,666. Doyle is the nearest competitor, giving Middleton an edge over the field of 141,969 votes.

Ted W. Brown of Columbus won the secretary of state post by a plurality of 5,823 votes over the incumbent Democrat, Charles F. Sweeney, the final unofficial complete count showed. Republican Brown polled 1,344,071, Sweeney 1,338,245.

Easier Payment Terms Advocated

WASHINGTON, Nov. 14.—(AP)—Support for consumer and dealer complaints that the new installment buying controls are too stringent in some cases came today from Senator Frear (D-Del.). He said he had in mind particularly the recent Federal Reserve board order requiring a down payment of one-third on automobiles and allowing no more than 15 months to clean up the balance.

"I believe that automobile dealers and car buyers who have been protesting about that probably have a good case," Frear told a reporter. "Those terms seem a little too drastic when automobiles are being produced at the rate they are at present."

Police In 13 States Search For Child

WILLIAMS GROVE, Pa., Nov. 14 — (AP) — Police in 13 states searched today for a six-year old boy lured away from a country school by two men in a maroon automobile.

Eddie Collins, son of Mrs. Mary Collins, former hotel hostess in nearby Harrisburg, disappeared yesterday.

Eddie had been living with Roy E. Richwine, Jr., co-owner of a half-mile dirt speedway, since the lad's mother was divorced from her husband more than a year ago. Richwine planned to adopt the boy in proceedings scheduled to be heard next Monday.

William R. Mark, Cumberland district attorney, said the mother had given her permission to the adoption and was interested only in obtaining a "good home" for the boy.

Richwine said the boys' teacher told him Eddie disappeared during a recess period at the Rife country school.

Better Health for Better Living

THE LAST THREE DECADES have brought many changes in matters pertaining to health. The normal span of life has been increased materially. Consider diabetes, for example. Diabetes was first recognized about the time of Moses, or 200 years before the birth of King Tut. It was not until 1921, however, that a specific remedy was discovered. Today, through the use of Insulin and a balanced diet, the diabetic can reasonably expect to live about as long as anybody. Your physician will promptly recognize the symptoms of diabetes. He knows all about the treatment. And remember this, all advertised cures for diabetes are questionable. Don't be victimized.

The Gentlemen Must Choose

WHEN an office-seeker wins an election it is natural for him to take credit. That is human nature.

It also is natural for him to blame someone else when he loses. That, too, is human nature.

But there is such a thing as logic to be recognized in the win-loss reaction—and logic is being kicked around by losers in this year's election who claim they were defeated by newspapers.

Many of these same candidates claimed after previous elections which they won despite newspaper opposition that newspapers had no influence in politics. They now claim they were licked by influence they formerly said did not exist.

These gentlemen must make up their minds.

Newspapers never believed they had the influence in politics which sometimes was ascribed to them. Their job is to reflect what is going on in public life. They do not think of their opinions as being different from opinions in general.

The majority opinion of the electorate is shaped by a multitude of things. The press reports what occurs; its own opinions are only a fragment of popular opinion.

Newspapers in the United States are used to criticism. That is part of the game in a country where opinion is free. But they do not accept the accusation that they were responsible for any candidate's defeat. Voters, not newspapers, defeat—and elect—political candidates.

All Out Of Steam

ON NOV. 6, Senator James E. Murray of Montana said it would be hard to get up any team behind a drive to repeal the Taft-Hartley Act if the C.I.O., A.F.L. and the other unions failed to prove their claims of political power at the polls.

Senator Murray, whose term does not expire until 1955, was speaking as an opponent of the Taft-Hartley Act. But he also was speaking as a realist in politics.

Here in Ohio, Senator Taft declared long before the end of his campaign for re-election that the Taft-Hartley Act no longer was an issue as far as the public was concerned. He knew what he was talking about. It is only executives of labor unions who continue to call it an issue.

In the face of proof that they have run out of steam, it will be possible for the 82nd Congress to improve this law to make it more workable without bothering them further. This could have been done in the 81st Congress had it not been decided by the Truman administration that revision should be blocked to give the labor leaders something to talk about in the congressional campaigns.

Wedge In The Bloc

THERE IS only one way for Americans to think about Marshal Tito. He has become a symbol in the 20th century's most ticklish transaction in power politics. His price for turning against the Kremlin is the support of the United States. Yugoslavia must have an international sponsor.

The United States hopes to drive many wedges into the Soviet Union's bloc of satellite nations. The obvious place to start the wedge is at the point where international communism comes into conflict with national sovereignty. Russian policy leaves no room for national independence.

Tito, who claims to be a better Communist than the occupants of the Kremlin, soured on his Russian sponsors when they pushed him around inside his own country. At that point, he began to flirt with the United States.

His price for a break with the Kremlin was and is American economic aid. It is the same price, though more bluntly specified, that is being asked by every government threatened by the Kremlin's power politics.

Quotable Quote

ELBERT D. THOMAS, the Utah scholar who has been representing his state in the Senate since 1932, made a candid confession when asked why he lost his bid for reelection.

Senator Thomas, a Democrat, told United States News & World Report that the opposition went to work on him as a symbol of the Truman administration. Asked if the Korean war issue was a handicap he said:

"Only to the extent that the administration had failed completely in a foreign policy and that our boys are fighting in Korea because of the bungling that Truman and the rest of us have done."

To Senator Thomas goes the rotating trophy for candor in politics, held until this time in the estate of Wendell Wilkie, who once admitted that much of what he had said in the heat of a presidential campaign was "bunk."

'Enemy Within'

By JAMES E. BROWN

Communists Influence British Labor Unions

LONDON

BRITAIN'S Communist party, following a new plan of Red conquest, has proved with startling success how a small, well-disciplined group can exercise tremendous control on a country's very existence.

The British Communist party, which has an avowed membership of only 40 thousand, influences the movements of a huge section of the nation's 8,000,000 trade union members.

By attending meetings regularly, voting en bloc on all issues and exploiting grievances, they have succeeded in getting Communists elected to positions on the executive committees of several key unions.

The coal mining industry is a prime example of Red infiltration. Four admitted Communists occupy top positions in the unions.

They are Arthur Horner, general secretary of the National Union of Mineworkers; Abe Moffat, president of the Scottish miners; William Pearson, secretary of the Scottish Miners; and Alfred Davies, president of the South Wales miners.

These elections have been secured by careful, long-term planning, the iron discipline of the Communist organization and the placing of two or three expert agitators in each pit. Additional Reds are transferred to any pit where labor trouble seems brewing.

One powerful union with a completely Communist leadership is the electrical trades. Frank Foulkes, the president, Walter Stevens, the general secretary, and Frank Haxell, the assistant secretary, are self-declared members of the party. At the last electrical trades' conference, Paul Robeson came to sing and recite for the men.

COMMUNISTS or fellow-travelers also have been successful among the white-collar workers such as civil servants and teachers. The general secretary of the Civil Service Clerical Association is L. C. White, who is a member of the editorial board of the Communist London "Daily Worker."

White never has said that he is a member of the party, but he once stated gaily: "You might call me a fellow-traveler."

Of the other 11 full-time officers in this union, several others are admitted card-carrying party-liners.

Socialist members along the civil service trade unionists estimate the Communist do not number more than two percent in a total of 550,000.

Nevertheless, Councillor John Howard of the London county council told a meeting of the general purposes committee.

"A prominent Communist head teacher has claimed that there are 2,000 Communist teachers in the majority of whom must be in London."

"This is a very serious thing. We have all our plans made for the evacuation of London school-children in the event of war. These arrangements are secret, and yet these Communist teachers know all the secrets of our

plan."

Today, there is only one Communist on the general council of the Trades Union Congress, which represents 8,000,000 union members.

He is Bert Papworth—known to his friends as "Pappy," a dark, scrawny little man who has been working on London's buses for 20 years. He has had a direct hand in every London transport strike (official and unofficial) for more than a decade.

The amalgamated engineering union—730,000 strong—has plodding veteran Wall Hannington, an old-time militant Red, as its paid national organizer. This same union, incidentally with its highly-skilled technical membership, would be an indispensable manpower reservoir in time of war.

Yet its executive committee is composed of 30 per cent self-admitted Communists, another 20 per cent who invariably vote with the Reds, and 50 per cent straight-forward socialists who find it difficult to agree among themselves.

Self-admitted Communists also hold nearly one-third of the executive power in the strategic national union of railwaymen.

EQUALLY SIGNIFICANT, although less noted, is the Red invasion of smaller unions. They have been successful in the fire brigades union, the foundry workers union, cine-technicians, and, as has been underlined by some recent spy trials, among scientific workers.

This distribution of Communist influence is not purely accidental. It is clear, for instance, that communism flourishes best in big urban areas. Thus, it is strongest in London and in those unions which have large London membership.

Likewise, it is strongest where poverty and unemployment have been hardest, longest and most bitter, it prospers in South Wales and Clydeside and County Durham. But there are also two more points to notice here:

1. The Communists recently have been concentrating particularly on seizing power in the smaller unions, where there is less competition from non-Communists and less opportunity for anti-Communist campaigning.

2. Communists are concentrating on the craft unions, not only because of their strategic and key importance, but also because men in the electrical and engineering unions, for example, mingle among men of many other unions in the course of their jobs. Their influence is, therefore, more widespread.

These men, as several members of the British cabinet have warned in urgent terms, constitute "The Enemy Within."

There are many more. Only the self-admitted Communists have been named. A threat of war with the Soviet union might lead them to show their hand, to reveal their maximum power, but many thoughtful Britons believe the real strength of this hidden enemy may shock the world.

For Scratching

By TRUMAN TWILL

FIRST, this word of warning. If you believe scratching is something human beings should not talk about when they do it themselves, skip this. Your finer sensibilities will be hurt.

All animals scratch themselves. The only animal with inhibitions is man. If well brought up, he scratches only when no one is looking. Whereupon he feels better immediately. She does, too. Women scratch just as vigorously as men when no one is looking.

A rough idea of the scratching which would be done by humans if they did not think it was indecent to admit they itched is the scratching done by dogs. A normal dog will spend five minutes scratching in one place and is capable of itching and scratching in half a hundred places a day.

This is no more than a normal human would itch and scratch in if he were as uninhibited as a dog. Or for that matter, a horse, pig, goat, sheep, camel, or llama. Which is the point to discussing the matter in the first place. It is not good to be inhibited about scratching.

If human beings would scratch themselves when and where they are itchy, they wouldn't fidget so much. If they didn't fidget so much, they would be more relaxed and natural. If they were more relaxed and natural, things would go better. There would be less tension and friction.

If there were less tension and friction, there wouldn't be half so much itchiness in the first place. In that event, unavoidable itchiness could be given closer attention. There would be more scratching at leisure—methodical scratching.

Back-scratchers should be taken out of hiding and kept handy in living rooms. Reciprocal scratching should be encouraged, to overcome itchiness in hard-to-reach places—between the shoulders, for example. This would be

a better country to live in if these things were done.

For families which envy their dogs for being able and willing to scratch themselves to their hearts' content, it would be a great way to get even with the mutts. With a little practice, even a human being could learn to scratch himself under the chin with a hind leg. That would give the mutts something to think about.

Learning the Hard Way

Anna Rosenberg Is Good Choice

By DAVID LAWRENCE

WASHINGTON

SECRETARY OF DEFENSE Marshall made a wise move the other day when he selected Anna Rosenberg to be assistant secretary of defense. Of all the headaches of the defense job none is more trying than the one which arises out of manpower problems—how to keep the key employees in industry from being taken for military service

and how to keep strikes from diminishing industrial production.

Anna Rosenberg is known not only among the military but among industrial executives as an expert in personnel problems. During World War II she was regional director for the manpower commission for one of the most important areas in the nation—at New York City. She had the

distinction of being appointed by the late Mayor LaGuardia to organize the New York City Industrial Relations board in 1937 which became a pattern for other cities.

Governor Dewey appointed her to be a member of the New York State War Council in 1944. Besides serving as a member of the commission in Great Britain and Sweden, she was given an important assignment in 1944 and 1945 as the personal representative of the president of the United States in reporting on personnel problems in the European theatre of war where she won the praise of Generals Eisenhower and Bradley, being the first civilian to be awarded the medal of freedom.

Lately she has been manpower consultant for the Army and Navy munitions board and for the National Security Resources Board.

Not only does the appointment of Mrs. Rosenberg ring the bell so far as industry is concerned because it assures a civilian approach plus proper regard for military requirements but it recognizes that among the women of the country are persons capable of filling top jobs in Washington. Mrs. Rosenberg will be the first woman to occupy a high post in the Department of Defense.

THERE HAVE BEEN hints that the advent of Mrs. Rosenberg has even more significance than might be inferred from the appointment of a capable woman to do a man-sized job. It has been said that the appointment may be symbolic of the part women may play in the defense program. It certainly makes sense to utilize women with a natural faculty for administration when they are available and thus release men for the more hazardous jobs of wartime. Also, there are women who would gladly make a whole career of government service in executive posts if they had half a chance to show what they can do.

The introduction of the WACS and the WAVES was a liberal education to the military services—they never believed they could get as much efficiency as they did by fitting women into the various positions they occupied during the last war. Almost the first thought of the military after the Korean war showed the need for manpower was to bring women back into the military service.

There are, of course, not many Anna Rosenbergs. She is a fair-minded person in industrial relations which is one of the reasons the announcement of her appointment met with a bit of chilliness by some of the labor-union leaders. She was a valued adviser of the late President Roosevelt on many important personnel matters and has a wide acquaintance among labor leaders. In recent years she has been successful in the private practice of industrial relations, serving as industrial relations counselor for the Rockefeller interests and for large industrial concerns.

One thing can be said now—if anybody can keep the top brass from becoming upset by industrial relations problems and personnel questions having to do with reservists and the wise use of manpower as contrasted with the waste that has so often crept in, it is Anna Rosenberg.

Red Threat

By HAL BOYLE

Main Worry Now Is China

KOREA
THE UNITED Nations is running up against world Communism in the first real test of "octopus defense."

The U.N. has defeated the North Korean foe in the field. But, behind the fresh, well-armed Chinese, the shattered North Koreans are trying desperately to rebuild a new army.

That is the belief of some veteran American intelligence officers. It is a known fact that, although U.N. forces stripped the North Korean army of its muscle, the brain remained intact.

A recent summary by General MacArthur estimated the North Koreans have only 60,000 soldiers left of an army of some 400,000. But among the captured prisoners there was no enemy general, not even a full colonel.

Here is what American intelligence officers believe happened as the North Korean army started to crack in mid-September:

THE ENEMY general staff withdrew north by plan beyond the 38th Parallel. It issued orders to high field officers to defend as long as possible, then pull back.

The withdrawing forces were told to reassemble at Sinuiju, on the northwest end of the Korea-Manchuria border, and at Kanggye, a town only a short distance below the border in the north-central part of the peninsula.

The North Korean general staff apparently is doing its best now to reorganize as large a fighting force as it can. It is an attempt to regain "face," also part of a Soviet-inspired program never to admit final defeat.

Stragglers from scenes of defeat in the south are being reassembled after they walk back, ragged and sometimes without weapons, across the hills. The remaining youth of North Korea are being forced into service. New units are under training on both sides of the border.

The North Koreans have been compressed into about one-fifth of the country they hoped to rule. Instead of a population of 30,000,000 from which to recruit, the Reds probably have left a population of 5,000,000.

THEREFORE, the chief concern of U.N. commanders is not for the 60,000 troops the North Koreans still have in the field. The chief worry is the daily increasing "token force" of 60,000 or more Red Chinese.

Is China ready to try to bleed the U.N. to death in Korea by slowly sending in the almost endless manpower of that nation's 450,000,000?

And if that massive power should be committed to battle, would the Soviet Union also commit the weight of its own growing industry and its own 200,000,000 people to that same effort?

On these fulcrums the world is teeter-tottering today. It is wondering whether we are at the opening of an undeclared third World War—or whether the Russians and Chinese are using the threat of war as a bold bluff to win a diplomatic victory.

American intelligence officers tend to feel that, even if the entry of Chinese into North Korea turns out to be a bluff, it still suggests a big muscular step forward by Communism toward world rule by military means.

Holiday Trade Outlook Bright

But Merchants Won't Find It Too Easy

NEW YORK, Nov. 14—(AP)—Christmas shopping this year looks like the best ever if merchants get out and hustle for business.

Christmas business last year in the department store field eclipsed the all-time high of the year before. And this year is regarded by retailers as a certainty to set a new high dollar volume record at Christmas.

A good part of the rise in total business over the last two years has been accounted for by advancing prices, but the physical volume of business also has been on the up-grade.

Those rising prices may make totals higher but they also increase the sales resistance of each customer. That is one big reason why merchants this year say they must get out and work hard.

In many areas merchants start their heavier newspaper advertising schedules and sales promotions two weeks earlier than usual. Right after Thanksgiving day is the traditional time to begin the Christmas sales push.

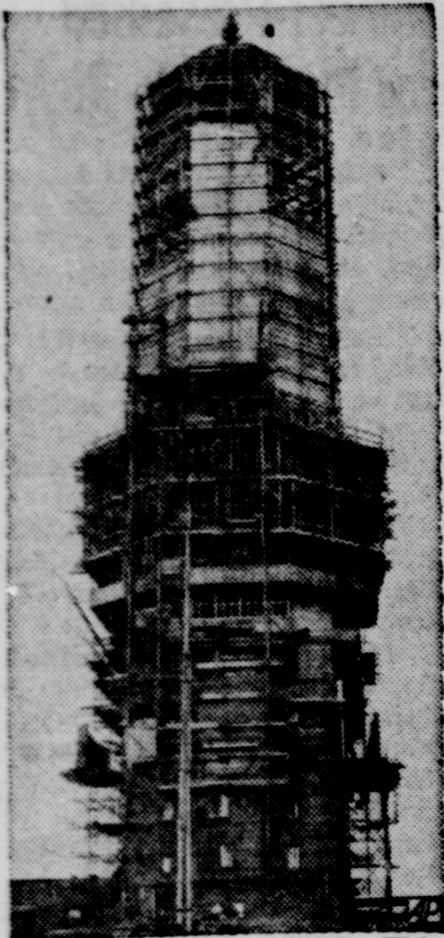

This shopping season there are more things in the stores than ever before. There aren't any shortages yet. People have more money to spend than ever before.

But don't get the idea that everything is lovely in the retail business. It isn't. Merchants will tell you it takes a smart man to manage his store wisely, keep his customers happy and make a profit.

For example, you remember last summer when there were a lot of people buying heavily because of the "war scare"? Well, a lot of merchants did the same thing, and consequently they built up their inventories higher than is comfortable.

They haven't had much time to try to work them down, but they hope that when this Christmas season is over inventories will be in balance. The fact that replacement prices later may be higher hasn't caused much excitement. As one retailer said: "We're merchants, not speculators. It's our job to sell goods, not juggle inventories."

In line with that trend was the absence of scare buying last week when the Chinese Communists revived fears that the Korean war would be extended. Advance reports show key stores did a substantial election

day business, and that is always taken as a token of Christmas buying temper.

Allies Forbid Germans To Make Small Arms

BONN, Germany, Nov. 14—(AP)—The allies have forbidden the West Germans to make for themselves the small arms for their special 30,000 security police.

And the Germans say they cannot afford the dollars to buy the weapons from the United States.

This impasse has apparently halted the arming of the force, which was authorized by the September foreign ministers' conference to guard against Communist attempts to overthrow the Bonn regime.

Maj. Gen. George P. Hays, deputy U. S. high commissioner, said today that the Germans asked the Allied reaction to a proposal that they make the pistols and carbines for the force themselves.

Milestone in a Career!

We see it happen over and over again—and it's one of the greatest satisfactions we enjoy in this happy business of selling Cadillac cars.

It's when a man comes into possession of his first Cadillac—and we witness the wonderful, wonderful things it does for him.

We see his happiness as he places his order—not as the result of a sudden inspiration, but because he has gradually reached the conclusion that he has earned the right to enjoy the unquestioned best.

And then we see him on that happy day when his car is available for delivery—and he settles himself behind the wheel.

He's a little quizzical, we sometimes note. Could it be, he wonders, that he's anticipating a bit too much?

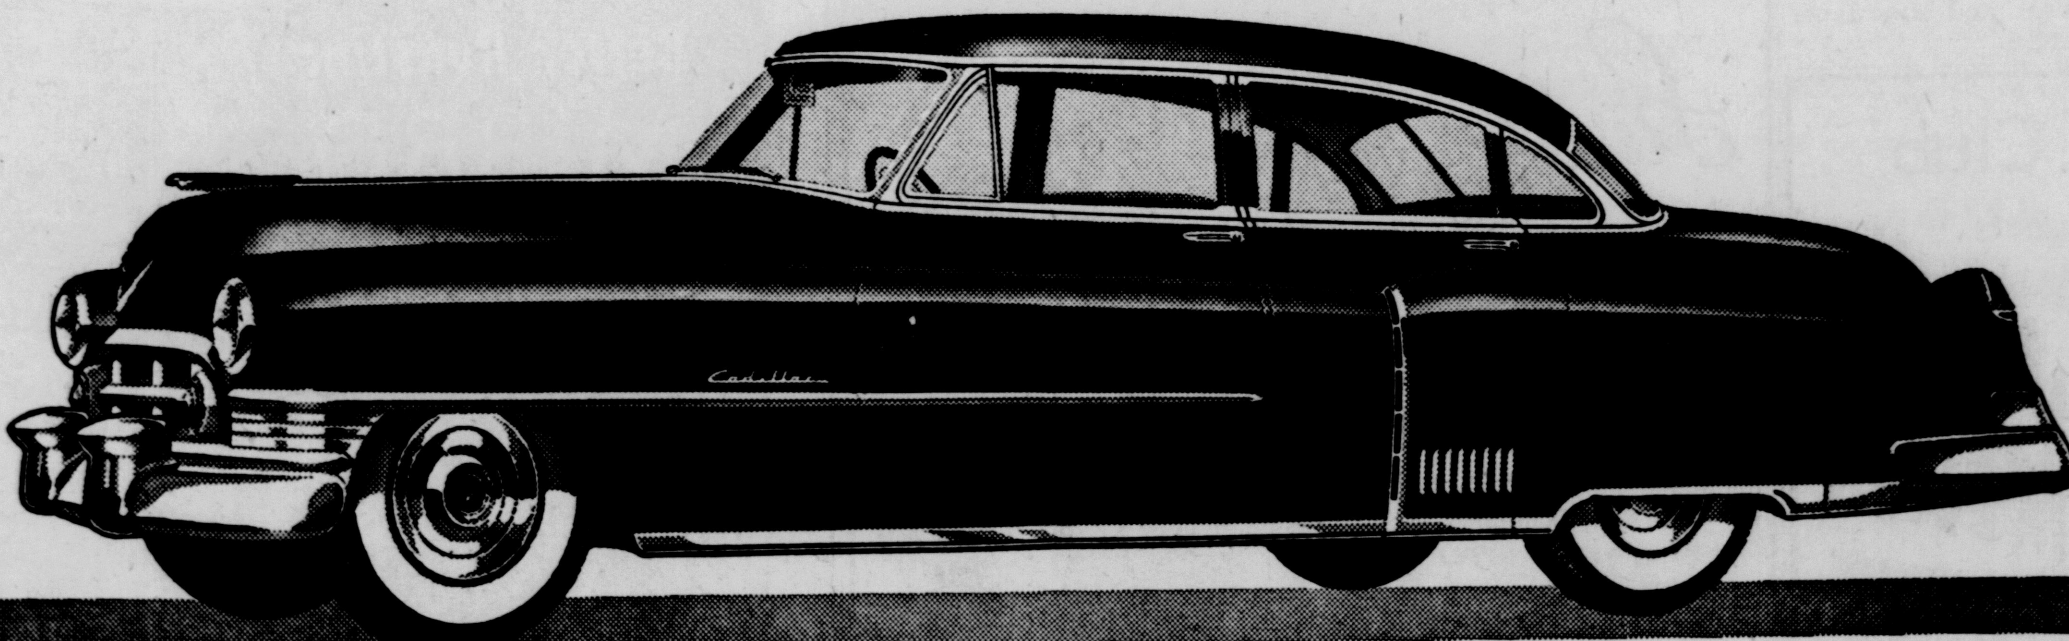

And then he's out in the street—headed for home the long way 'round. There are some things a man wants to try for himself—with no one near to watch him!

Those are thrilling days that follow... the first long ride with the family... the

first trip to the office, with a waiting delegation to admire his choice... and there's the time, perhaps, when he learns in an emergency, that his car is worth its whole price in safety alone.

And then, almost before he knows it, the odometer registers a thousand miles—and he's back to tell us all about it. And, perhaps, to grumble a little bit at giving it up—even for a checking over!

Yes, it's a priceless privilege to watch all this. Makes a man feel that he's doing good.

"My White Cross Plan

pays up to
\$15 for 100
PER DAY DAYS
plus
\$5 to \$150

For My Surgeon"

Based on past records, 48,736 persons will be rushed to hospitals today. This year 1 out of 9 persons in the U.S. will be hospitalized. That means 1 person out of your family or your neighbor's is due to become a hospital case this year or next. And 60% of those cases will require surgery. More than 35,000,000 smart persons have already taken out some form of hospital plan.

Rates Never Raised

Because the WHITE CROSS PLAN accepts only selected risks, we have never put through any general rate raise on persons enrolled, and we do not expect to. You keep the rate you start with, even if you start at the 75c child's rate; it does not increase when you become an adult as long as you stay on your original policy.

Music Study Club Utilizes Autumn Theme On Guest Day

AN AUTUMN THEME, emphasized in colored leaves, ears of corn, gourds, berries from mountain ash, green tapers and apples added beauty to the home of Mrs. Curtis Vaughan on N. Union ave. Monday afternoon for the Music Study Club's Guest day.

Guest artists, Mrs. Gula Bowder Keagey, contralto, of New Castle, Pa., and Thomas E. Crothers, pianist, supervisor of music in Salem's public schools were introduced by Mrs. Nelson Bailey, president, who also welcomed 25 members of the club and their guests.

Luncheon, Party Given Rev. Ogden

Rev. E. S. Scott, president of the Salem Ministerial association, presided at the luncheon meeting Saturday held in the Lape hotel in honor of Rev. Harold L. Ogden, pastor of the Presbyterian church.

A letter signed by all the ministers of the association was presented Mr. Ogden in expression of their appreciation of his association with the group. Rev. Harry Barrett made the presentation.

Rev. Ogden, who served the ministerial group as secretary-treasurer, has been recalled as Marine chaplain. Floyd McKee also was a guest.

Thirty-five members of the Presbyterian Junior High Westminster fellowship were present at a Saturday evening party honoring Rev. Ogden.

The party was in the home of Mr. and Mrs. Joseph Greenwood on E. State st. and their daughter, Ruth Ann, was hostess. Assisting with the party besides the Greenwoods were Mrs. Carl McQuilkin and mothers of the other youngsters.

DO YOU WONDER WHERE YOUR MONEY GOES?

FROM JULY 1, 1945 TO SEPTEMBER 30, 1949 —

IN LESS THAN 5 YEARS,
THE FEDERAL GOVERNMENT
SPENT MORE OF YOUR MONEY
THAN IT SPENT DURING THE
ENTIRE FIRST 152 YEARS OF
OUR NATION!

ABOUT 25¢ OUT OF EVERY DOLLAR EARNED BY THE PEOPLE, GOES FOR FEDERAL, STATE AND LOCAL TAXES!

SO, TAXES ARE A BIG ITEM IN THE AVERAGE FAMILY'S COST OF LIVING

YOU PAY INCOME TAXES WHICH PROVIDE NEARLY 1/2 OF ALL THIS MONEY.

YOU PAY BUSINESS TAXES WHICH PROVIDE MOST OF THE OTHER HALF

-THE TAXES THAT A BUSINESS MUST PAY ARE INCLUDED IN THE PRICE YOU PAY FOR THE PRODUCT.

BUSINESS TAXES ARE PART OF THE COST OF DOING BUSINESS. NO BUSINESS CAN SUCCEED UNLESS ALL COSTS ARE INCLUDED IN THE PRICE OF THE PRODUCT.

SO, YOU PAY ALL TAXES - 1/2 DIRECT INCOME TAXES, AND 1/2 INDIRECT TAXES WHICH ARE INCLUDED IN THE PRICE YOU PAY FOR EVERYTHING YOU BUY!

IN 1949, WE SPENT OVER 12 TIMES AS MUCH FOR FEDERAL GOVERNMENT AS IN 1929... WE PAID 5 BILLION DOLLARS IN INTEREST ALONE, ON OUR FEDERAL PUBLIC DEBT.

THUS, INTEREST WAS 2 BILLION DOLLARS MORE THAN THE COST OF FEDERAL GOVERNMENT IN 1929!

DO YOUR TAXES PAY FOR LAWS OR ACTIONS THAT—
PROTECT EVERY MAN IN HIS RIGHT TO LIFE, LIBERTY AND PURSUIT OF HAPPINESS,
OR DO THEY PAY FOR SPECIAL BENEFITS TO PRIVILEGED GROUPS?

Checks Agonizing Sciatic Pain Fast!

It's brand new! SURIN for speedy, temporary relief of local, superficial pains of arthritis, neuritis, rheumatism, bursitis, sciatica, lumbago* and also fatigue and muscular aches and pains of simple colds. Here is the secret of SURIN's fast action and blissful temporary relief of local superficial pain. SURIN is based on a new application of a principle which permits a marked degree of absorption of the analgesic drug through the skin and treats the pain at the point of pain. SURIN contains a modern research drug—b-methacholine chloride, a powerful ingredient to dilate surface blood vessels when used locally at the point of pain. SURIN has 2 way action (1) it increases the superficial blood supply (2) allows relaxing agents, camphor and menthol and local anesthetic, methyl salicylate to penetrate rapidly. SURIN acts fast. In a few minutes you feel a soothing warmth and get relief lasting 1 to 3 or more hours. No internal dosing with SURIN—use it locally! SURIN is quite different from old-fashioned ointments and liniments. SURIN may be applied without fear and is so easy to use. Has new emblem that is smooth, creamy-white. Washes off quickly in warm water. Does not stain washable fabrics. Money back at your drugstore if not satisfied.

*SURIN is not intended as a cure or treatment of above diseases. It is to be used only for temporary relief of local superficial pain.

Mother, 4 Children Killed By Explosion

ALTOONA, Pa., Nov. 14—(AP)—Kerosene used to prime the fire in a wood stove caused an explosion which killed a 37-year-old mother and four of her children last night.

Three other members of the family, who lived in a one-room concrete structure built as a two-car garage, were critically burned.

State police Sergeant George Hahn said apparently the blast came when the mother, Mrs. Nellie Ebbert, poured kerosene on a fire in the stove.

Mrs. Ebbert and her three daughters—Evelyn, 9; Joyce, 8; and Elaine, 2—were standing near the stove. They died instantly. Twelve-year-old Neal Ebbert died in a hospital a few hours later.

Critically burned were Mrs. Ebbert's husband, William 40, a truck driver; a son, Tommy, 11, and the children's grandmother, Mrs. Florence Ebbert.

Society Editor Missing

BUCYRUS, Nov. 14—(UP)—Miss Eleanor Meck, attractive 24-year-old society editor of the Bucyrus Telegraph-Forum, has been missing for five days, the newspaper said today.

The tall brunette left the newspaper office last Thursday and announced she was going to Galion. She picked up a package of clothing in Galion after returning from a trip to Kent State University, where she graduated in 1948 and has not been seen since.

New Thyroid Disease Treatment Announced

ST. LOUIS, Nov. 14—(AP)—A new atomic-age development which may "revolutionize" the diagnosis and treatment of thyroid disease—including thyroid cancer—was announced today to the medical world.

It's a new application of a radiation-detection instrument called a "scintillation counter."

Doctors describing it said the instrument "should largely replace" the well-known Geiger counter in various other medical applications dependent upon the detection of atomic radiation.

They said it even opened up the possibility of unrestricted use of a variety of radioactive materials for research in hospitals, industry and agriculture.

Presenting with great pride...

Lincoln for 1951

On display tomorrow

All Lincoln cars equipped with improved HYDRA-MATIC transmission at extra cost

This year, Lincoln's great and growing reputation for the best of everything in automobiles reaches new heights. And, at your dealer's showroom tomorrow, you can see the 1951 Lincolns which set new pinnacles of fine-car excellence.

Your first breath-taking view of the magnificent Lincoln Cosmopolitan and the glamorous Lincoln will reveal a new, arresting conception of motor car design. From bumper to bumper, Lincoln's lines are smooth-flowing, modern, tasteful.

Naturally, Lincoln's new interiors match this outer splendor. Gem-like appointments... smart, tailored upholstery in nylon and broadcloth...

and wide, comfortable seats assure you that you're sitting in the very lap of elegant luxury!

And when you drive, you'll discover fine-car performance at its ultimate best. This year, the spirited "INVINCIBLE 8," high-compression engine is smoother than ever. And with HYDRA-MATIC, you get the alert, eager response worthy of this mighty power plant.

With Lincoln's improved springing, you ride over rough roads as though they were just paved. With Lincoln's Fiberglass soundproofing, outside noises become mere whispers. With Lincoln's automatic Weather Control, soothing

fresh air blankets you at a finger's flick. Yet all this 1951 luxury costs far less than you may imagine!

And today, your purchase of a 1951 Lincoln or Lincoln Cosmopolitan takes on even greater significance. Like any worthwhile investment, either of the new 1951 Lincolns will reward you in terms of longer life, higher resale value, and, of course, more enjoyable motoring. Yes, when you invest in a fine motor car today, make sure you make a 1951 purchase!

By all means see and drive the new 1951 Lincolns at your dealer's tomorrow. For no drive on earth can give you a comparable feeling of luxuriousness.

Affirming once again — Nothing could be finer

Crime Probe Will Continue

Senate Committee Seeks Basic Causes

WASHINGTON, Nov. 14—(AP)—The senate crime investigating committee will follow up a survey of juvenile delinquency with an inquiry into the basic causes of crime, Chairman Kefauver (D-Tenn.) said today.

As for the probe's general findings in the nationwide crime picture, Kefauver said yesterday his group has found organized crime wields a "very sinister and very great" influence on public officials.

He told a television audience that "organized crime in the country today would make kindergarten play out of the operations of the Capone boys."

His special senate committee has facts to prove that well-organized, tough groups of criminals are operating throughout the country with "interlocking ownership and directorship between all groups," Kefauver said.

He declined to say whether there is one "overlord" of organized gambling and rackets.

The aim of his committee is not "a crusade against gambling as such," he continued, but rather to uncover "the bigtime organized operation that in many cases has become so powerful that local law enforcement officers can't do anything about it."

The senator said Chicago was "perhaps the one most important center of criminal activities," although there were extensive organizations in New York, Philadelphia, Los Angeles, Miami, San Francisco and many other cities.

His committee published over the weekend a 250-page study of juvenile delinquency, with special attention on crime comic books.

'Voice' Broadcasts Dim TV Sets In N. Jersey

PATERSON, N. J., Nov. 14—(AP)—The Voice of America says it's sorry if local telephones play the Star Spangled Banner and break out in French and TV sets go dim—but it can't be helped.

Two voice technicians last night told a public meeting, called to discuss the interference complaints of residents near the transmitter, that there wasn't much they could do.

Specific complaints might be ironed out, they said, but the State Department needs all 50,000 watts at its nearby Wayne township transmitter to carry on its work.

Mrs. Rebecca Peckinpaugh, 1907 West Penn St., Evansville, Ind., says her favorite pastime these days is going fishing with her husband—that is, of course, since she has been relieved of aches and pains in the shoulders, arms, legs and back by taking HADACOL because she found she had a deficiency of Vitamins B1, B2, Iron and Niacin. She now has the vitality and energy to do many things that, before HADACOL gave her these necessary elements, she was unable to do.

Here is Mrs. Peckinpaugh's own statement: "I was sure in an awful fix for a while. My arms, legs, hips and back were sure in a sorry condition. My appetite was awful bad—couldn't hardly eat anything. Didn't know what I was going to do—I really felt bad. Then one day I heard other folks were being helped by HADACOL. I decided to try it. Now I have taken five bottles of HADACOL and I sure feel fine. My arms, legs, back and hips don't ache a bit. I have never heard of anything as wonderful as HADACOL. I even have a wonderful appetite. For sick folks who really want or know what to do—I say try HADACOL."

Yes, You Should Try HADACOL... as have thousands of others whose systems lacked Vitamins B1, B2, Iron and Niacin. The HADACOL formula is so effective for aches and pains in shoulders, legs and arms, and a general run-down condition due to such deficiencies in your system.

Make up your mind to give remarkable HADACOL a chance to help you as it has helped thousands of others whose systems lacked Vitamins B1, B2, Niacin and Iron. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family size or hospital size, \$3.50, and if HADACOL does not help you, your money will be refunded. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

Williams Takes Lead In Governor's Race

DETROIT, Nov. 14—(AP)—Democrat G. Mennen Williams, seemingly destined six days ago to be a one-term governor, enjoyed today a lead of nearly 900 votes in Michigan's daffy election aftermath.

Williams' margin was his best since the original 6000-vote edge of his Republican rival, former two-term Gov. Harry F. Kelly, slipped away in corrections of a series of ballot counting bungles.

Since the start of the corrections, Williams and Kelly have alternately held the lead.

With the official canvass now complete except for only four of the state's 83 counties, this was the count:

Williams 935,174; Kelly 934,287. Election officials in the four incomplete counties admitted there still could be enough errors uncovered to change the rapidly-shifting picture again. The lead already had changed hands six times.

Canvassers felt, however, that the biggest mistakes had been rectified.

Vote Today May End Newspaper Strike

PITTSBURGH, Nov. 14—(AP)—Workers vote today whether to end a newspaper strike which a survey shows has handicapped business and the public generally for six weeks in this coal and steel metropolis.

Two unions, mailers and drivers, began arranging membership meetings after publishers of Pittsburgh's three daily papers—Press, Sun-Telegraph and Post-Gazette—offered a new peace formula late last night.

Spokesmen said the meetings would be held sometime today.

There was no hint what sort of an offer the publishers had made.

DAILY DOZEN By Bob Dixon

• There will be an interesting football dinner and program Wednesday night at the Massillon American Legion home. It is the annual Massillon-Canton McKinley get-together which precedes each Tiger-Bulldog game.

• Both coaches take considerable riding from the crowd and both are presented a "crying towel." The guest speaker is Jimmie Dudley, Cleveland baseball and football announcer.

• The public is invited to attend the thing and it will be worth the while of any sports fan. Dinner starts at 6:15. It is sponsored by the Junior Chamber of Commerce.

• Another meeting next week in the Eagles home at Lisbon, when the Columbiana County Coaches Association and county newspapermen convene to select the annual all-county football team.

• On hand for his last time will be Coach Howard Parker of East Palestine, who has resigned as Bulldog mentor. Parker says he wants to "get out of coaching." Says he has had enough.

• He'll continue to teach at E. P. High school, but is through with the coaching end of things. He compiled a fair 5-4 record this year, losing to powerful Boardman by a slim 27-26 margin. In that game his gridders rolled up 19 first downs to Boardman's seven.

• Host coach at the meeting will be Bud Bucher of Lisbon, who guided his team to an undefeated season. His coaching record at Lisbon for the past five years is 37-6-2, just a shade better than Ben Barrett's. Ben has won 39, lost nine, tied two.

• There should be some hot voting for the all-county selections. Salem has two or three men who deserve recognition, ditto Lisbon and East Liverpool. Wellsville's paper says the Bengals should rate three or four.

• Last year Fritz Roth and Jim Callahan made the mythical team, with Don Loutzenhiser, George Reash and Ford Joseph gaining the second squad. Four Potters were placed on the first eleven, along with three Lisbons.

• Callahan and Tom Pekarchick, Lisbon guard, should be cinch repeaters. The rest are in doubt. The team will be announced in next Monday's paper.

• We watched the New York Knickerbockers upset Syracuse 74-72 Saturday night in a televised pro basketball game. The tilt went into overtime.

• During the course of the game 84 (count 'em) personal fouls

were called and both teams scored over half their points at the free throw line. During the overtime it seemed fewer than 10 shots were taken from the field. This is basketball??

Parker Resigns At East Palestine

Coach Howard Parker of East Palestine High school has resigned his post of football coach effective at the end of the current school year.

Parker said today he "may stay on and teach," but that he "wants to get out of coaching."

His team won five and lost four this season.

In 1946, Parker was voted "coach of the year" in Columbiana County when his team defeated both Salem and Lisbon in close games.

A former Mt. Union college player, he has coached at East Palestine since before the war.

Columbiana Cagers To Play 21 Games

COLUMBIANA, Nov. 14—The Columbiana Clippers will open the 1950-51 basketball season at Fairfield Centralized High School, Tuesday evening, Nov. 28.

Eleven of the 21 games scheduled will be played at home. Games away from home are so designated in the schedule to follow the opener at Fairfield School. They are:

Friday, Dec. 1, Springfield Township; Tuesday, Dec. 5, at New Waterford; Friday, Dec. 8, Lisbon; Tuesday, Dec. 12, North Lima; Friday, Dec. 15, Salem; Wednesday, Dec. 20, at Poland; Tuesday, Dec. 26, two alumni teams; Friday, Dec. 29, Champion; Wednesday, Jan. 3, at Leetonia; Friday, Jan. 5, at Lisbon; Tuesday, Jan. 9, East Palestine; Friday, Jan. 12, at Minerva; Tuesday, Jan. 16, Lowellville; Friday, Jan. 19, Canfield; Friday, Jan. 26, at Springfield Township; Tuesday, Jan. 30, at Sebring; Friday, Feb. 2, Louisville; Friday, Feb. 9, Boardman; Friday, Feb. 16, at East Palestine; Friday, Feb. 23, Youngstown North.

The Athletic Council of the High School has decided to have this season a reserved section for adults in the gymnasium. No individual seats will be sold, but the section will be reserved for holders of tickets, which will be sold for \$7 for the season.

They may be obtained at the High School office or at Wells' drug store.

Ohio State Is Nation's No. 1 Team

Edges Past Oklahoma, Army In Tight Voting

NEW YORK, Nov. 14—(AP)—Ohio State tops the nation's college football teams in the weekly Associated Press poll after a tight five-club battle.

For the second week in succession the point system determined the winner with both Ohio State and Oklahoma squeezing past Army, last week's winner.

Army received most first place votes, 72, but lost out in the point system tabulation of the 308 ballots from football writers and sportscasters. Ohio had 66 firsts and Oklahoma 63.

According to the established scoring system, a first place vote counts 10 points. A second counts nine. And so on down to one point for a 10th place ballot. As a result Ohio finished with 2,412 points, Oklahoma 2,381 and Army 2,272.

Next came California and Kentucky. All the first five received at least 2,000 points. It was the closest finish of the year.

Apparently Ohio lost no prestige in its tight winning battle with Wisconsin, 19-14. The Buckeyes (6-1) face another test Saturday in eighth-rated Illinois (6-1).

Oklahoma, too, had to struggle to keep its perfect record intact. Kansas led the Sooners into the last quarter before Oklahoma

blasted out its 28th straight victory and seventh of the year, 33-13. They play Missouri this week. Army called its shots in a romp over New Mexico, 51-0, for its seventh straight. The Cadets get a chance to show their worth against a Pacific Coast Conference eleven Saturday when they visit the west to play Stanford.

California whipped UCLA, 35-0, in what was supposed to have been a crucial test. As a result they moved up two positions to fourth. Next for the Bears (8-0) is San Francisco. Despite a 48-21 triumph over Mississippi State for a 9-0 record, Kentucky dropped a peg to fifth place in the standings with 43 firsts as compared to 36 for California. Kentucky has two to go, North Dakota and Tennessee. Tennessee and Michigan State were the only additions to the top 10 with SMU and Miami dropping out. SMU fell from seventh to

Ohio Race Is Nearing End

Massillon Still Atop Heaps; Meets Canton

By FRITZ HOWELL
COLUMBUS, Nov. 14—(AP)—Ohio's high school football season is just about wrapped up and tucked away—but some of the eye-catching contests are still to come.

Two of the big ones pop up this weekend as Massillon's 1948-49 state champions, and current leaders in the Associated Press poll, meet sixth-place Canton McKinley Saturday before 22,500 at Massillon; and Hamilton's once-beaten Big Blue battles its Butler county rival, Middletown, before about 11,000 Friday night.

Massillon can just about clinch the Buckeye championship by turning back twice-defeated McKinley, but the Canton club

Others receiving votes: Lakewood 26, Cincinnati Roger Bacon 24, Western Hills 23, Alliance 19, Taylor 18, Cleveland St. Ignatus 17, Toledo Scott 17, Sandusky 17, Athens 16, Cincinnati Elder 14, Green Hills 14, Fremont 13, Lima Central 10, Lockland 10, Toledo Waite 7, Hamilton 6, Middletown 5, Wyoming 6, Hamilton Catholic 5, Dover 4, Warren 4, Columbus North 4, Canton South 3, Lisbon 3, Springfield Catholic 2, Youngstown East 2, Lorain 2, Mansfield 1, Cincinnati Purcell 1, Harrison 1, Toledo Woodward 1, Bellaire 1.

has been coming strong and could scramble the whole works by winning.

Six perfect records went out the window in last week's set, the big one being that of second-place Barberton, which was brushed aside by Massillon, 35-6, after the challenging Magics had led 6-0 at the half.

Barberton's loss dropped the Magics to third place in the weekly Associated Press poll. Hamilton going back into the runner-up spot with a 47-7 win over Dayton Fairview.

Lima Central and Toledo Scott dropped out of the top ten as New Philadelphia and Zanesville, each tied once in nine games, took over the ninth and tenth spots.

From here and there: Along with league-leading Massillon and eighth-place Upper Arlington, other nine-game winners include Cleveland St. Ignatus, Lakewood, Athens, Rutland, Middlebranch, Cardington and Taylor.

Lou Will Get Tribe Release

Indians Stop Effort To Find Him New Job

CLEVELAND, Nov. 14—(AP)—The Cleveland Indians dropped their plans to get Lou Boudreau a new job and assured him today that within a week he could go out and look for himself.

That's the way the former manager-shortstop wants it. "I'd like to get the job," he said. "I'll be able to make plans now. As it was, before being released, everything was out of my hands."

HE SAID he would be "happy to get the job" of managing the Pittsburgh Pirates but that nobody has offered it to him.

Until last night, the Indians had held onto Lou's contract although they had released him as manager and hired Al Lopez from Indianapolis to take his place.

Ellis Ryan, club president, and Hank Greenberg, general manager, said at first they were trying to get Lou a job as manager of another big league team.

Then Ryan announced that at Boudreau's request the club had given up all claims on him and would seek the waivers.

That would make Boudreau the fourth Indian player to get such an unconditional release since a syndicate headed by Ryan bought the team from Bill Veeck about a year ago. The others released were Joe Gordon, second baseman; Ken Keltner, third baseman; and Satchel Paige, pitcher.

With Boudreau's name on the waiver list every club in both major leagues can speak for him. But to get him in that manner would have to pay his 1950 salary less a maximum cut of 25 percent. Boudreau is believed to have received around \$65,000. He has the option of refusing, too.

If he is waived the salary would be whatever Lou and the signing team agreed on.

The Indians said Boudreau will be free within a week.

BRANCH RICKEY, new executive vice president at Pittsburgh, refuses to say whether making Boudreau a free agent would cause consideration of him as a possible Pirate manager.

Ryan pointed out that "the Indians have lost an opportunity to make a beneficial trade for Boudreau in the event a new managerial post fails to materialize."

"Of course, we'd like to add a

player or two in a trade for Lou, but, in fairness to him, it's even more important that we accede to his personal wishes," he continued.

"We've had several offers which would undoubtedly help the team and we're certainly under no real obligation not to accept them. However, Lou has always done his best for the Indians. Now we'd like to do our best for Lou," Ryan added.

Boston Red Sox manager Steve O'Neill has already expressed interest in Lou as a player.

Questions and Answers

Q—Why do men's coat collars always have a notch in them?

A—This fashion dates back to the 17th century. The tops of men's coats were cut so that they could be fastened up around the neck and the V-shaped notch in modern coats is a survival of this custom.

Percy Tetlow Talks At Legion Banquet

Capt. Percy Tetlow of Columbus, formerly of Washingtonville, drew from his historical studies and personal experiences for his talk at the annual American Legion

gion Armistice day banquet held last night at the Charles H. Carey post home.

He recalled an experience in 1919 in France when he was standing beside Gen. Pershing in a reviewing stand. The Salem machine gun company passed in review and Gen. Pershing said this was the finest unit he ever expected to see. Capt. Tetlow

helped to form and command this company.

Turning the pages back a half-century, Capt. Tetlow said history shows more men from the Salem area served in the Civil war than from any other community of its size throughout the country. He also compared war technique of today with yesterday and decried the way America's sons win the wars and its statesmen lose the peace.

Attorney Herbert Arfman, master of ceremonies, introduced Capt. Tetlow, who fought in the Spanish American war as well as World War II. He is a charter member of the post.

Rev. Richard C. Swogger gave the invocation. Lester Brantingham presented a past commander's pin to William Schaefer.

Charles Haldi reviewed the building progress and activities of the post home during the last year. Mr. Haldi also introduced charter members of the post who attended the event.

The dinner was served by the ladies auxiliary.

Lisbon Man New Probation Officer

Richard Rose of Lisbon today was appointed adult probation officer of Columbiana county, succeeding Robert A. Barton of Salem who resigned Sept. 15 when he was recalled by the Salvation Army and is now stationed in Bucyrus.

Mr. Rose is commander of John Welsh Post No. 275, American Legion, of Lisbon.

Rose, a 28-year-old Marine Corps veteran of World War II who served 37 months in the Pacific, is a former East Liverpool man. He is a son of Mrs. Mary H. Rose and the late John Stanley Rose of Gardendale, East Liverpool, but has resided in Lisbon for the past five years.

With his wife, the former Grace Palmer of East Liverpool and Wellsville, and their three children, Mr. Rose resides on Wells-ville road just south of Lisbon, and since coming to Lisbon, he has been employed as a carpenter in construction work.

Chosen from among 11 candidates for the position, Mr. Rose will enter upon his new duties on Nov. 15.

Pickpocket Suspects Arrested By Sheriff

Two Pittsburgh men, who were arrested Monday afternoon at the Morrisville Community Sale as pickpocket suspects, are being held in the Lisbon jail by Sheriff Howard Clark.

The pair was arrested immediately following a complaint by John Morris, auctioneer, that several persons had their pockets picked while the sale was in progress. The losses totaled several hundred dollars, Morris reported.

Over \$100 was found on the suspects after they had been apprehended. When questioned by the sheriff, they claimed they had gone to the sale to purchase turkeys.

Pittsburgh authorities report that both men have records in that city, including vagrancy, extortion and dope charges. Sheriff's deputies are in Pittsburgh checking on the pair.

BRAKEMAN KILLED

HAMILTON, Nov. 14—(AP)—The mangled body of Harry Wentz, 69, a railroad car inspector, was found yesterday in the Baltimore and Ohio railroad yards here. Railroad workers said they saw Wentz coupling some cars and believed he fell under the wheels.

Mr. and Mrs. C. C. Plues and daughters, Nan, Charlene and Vickie, of Carmichaels, Pa., were weekend guests of Mr. and Mrs. Harold Keefer and Mr. and Mrs. Michael Pash of E. Fifth st.

A PRISON HERO, who gained freedom from Sing Sing when he became a "guinea pig" for dangerous medical experiments, Louis Boy, 50, kisses his new bride, Carmela Capece, after their marriage in Brooklyn. While serving a life sentence, Boy volunteered for tests involving the drug atabrine, since successfully used in combating malaria among troops.

Obituary

Charles Evans

Word has been received of the death last Saturday of Charles Evans, 64, who was employed for many years by the Salem China Company. He died at his home in Jacksonville, Fla.

Born in Stockton-Trent, England, Mr. Evans came to Salem in 1917 and was employed until seven years ago at the Salem China Company. He also was a member of the Church of Our Savior.

About three years ago the Evans family moved to Jacksonville.

Survivors there include his wife, Edith; a son, John; and two grandchildren, Melanie and David. Mrs. Minnie Ellis of Euclid st., a sister of Mrs. Evans, left immediately for Florida to attend the funeral.

Lena Eells

LISBON, Nov. 14—Miss Lena Eells, 83, of 336 N. Market st died of a heart ailment here at 9:20 p. m. Monday.

A lifelong resident of Lisbon, she was born here Sept. 22, 1867, the daughter of Robert G. and Sarah Eells. She was a chief deputy in probate court for 33 years, retiring in 1936, and was a member of the United Presbyterian church and Monday club.

Surviving is a brother, Bert Eells, at home. Services will be held at 2 Thursday in the Eells home, with Rev. C. F. Kenneweg, assisted by Rev. John Cameron, officiating. Burial will be in Lisbon cemetery. Friends may call Wednesday afternoon and evening at the home.

RED CROSS TO MEET

The Red Cross board of directors will meet at 7:30 tonight at the chapter rooms in the Memorial building. Miss Hazel Linn, executive secretary, will report on the month's activities and outline the winter program.
